John Cage
Preface to *Lecture on the Weather*
Los Angeles Festival
Sept, 1987

TABLE OF CONTENTS

**Tape PPP**
Cage’s first thoughts for *Lecture on the Weather* — interest in inspirational thought — use of chance operations on a historical anthology — imbalanced American leadership — use of Henry David Thoreau text — wish for this work to encourage people to re-explore themselves individually and as members of society — America’s desire to police the world.
