# 370: Associated Place (R)

- Modifications to established form:
  - ~~No parentheses.~~ From Sept. 2013, do not modify the punctuation; retain parentheses
  - ~~For countries (‡c), use NAF form unless an abbreviation is given in Appendix B11, e.g. U.S.~~  
<NOW: 370 ‡c United States>
  - ~~Remove any term that indicates type of jurisdiction:~~ <NOW: applies only to 1xx qualifiers as of Sept. 2013>
    - ~~Cork, Ireland NOT Cork, Ireland : County~~ <NOW: 370 Cork (Ireland : County)>
    - ~~Korea NOT Korea (North)~~ <NOW: 370 ‡c Korea (North)>
- Name changes: always use the latest place that applies to the AAP; optionally, add also the earlier name

# Examples

- Difference in punctuation: qualifier in 130 vs. 370

130			Gazette (Shiner, Tex.)
370			Shiner (Tex.) ‡2 naf

- If the qualifier of a place is not a larger jurisdiction, the qualifier is dropped when the place itself is used as a qualifier:

110	2		Massa Palmungwan (Korea)
370			‡c Korea (South) ‡2 naf

110	2		Childhood Lead Poisoning Prevention Program (Wash.)
370			Washington (State) ‡2 naf

# 370: Associated Place (R)

- ‡a and ‡b are specific to Personal Names
- ‡g is specific to Works
- All other subfields are available for all types of NAR's, as shown in the RDA instruction references.
- If more than one ‡s start and ‡t end period related with a particular place, repeat the field, not the subfields.

# Examples

- Turkey is established but Ionia is not.

100	1		Homer. ‡t Iliad
370			‡g Ionia < <i>this is an ancient region in coast Turkey not est. in LCSH; RDA form not applicable</i> >
